Jason Riley

Friday, July 12th
7:00 p.m.

Classic, Eclectic, Acoustic, Electric

Jason's versatility of style, mood and character is seemingly unlimited. Riley is as comfortable playing with a rock band as he is playing classical guitar with a symphony orchestra. He shows a highly original combination of this classical/rock/jazz.

Jason's professional experience includes recording, composing, teaching and performing. As a recording artist, Jason has produced and released 4 solo CD's.

Riley's uniquely personal playing style is demonstrated through his humble stage presence, acclaimed work with acoustic and electric instruments and heart-felt tributes to his many musical influences.

Jason serves as adjunct professor of guitar at Benedictine College in Atchison, Kansas and Missouri Western State College in St. Joseph, Missouri.
